

ADEBAYO DADA

FRONTEND DEVELOPER | REACT.JS | JAVASCRIPT

Yaba, Lagos, Nigeria | 08133823348 | olabayo10@gmail.com | [Linkedin](#) | [Github](#)

PROFILE

Front-end Web Developer with hands-on experience building responsive and user-focused web applications using HTML, CSS, JavaScript, React.js, and Vite. Experience in personal and collaborative projects, API integration, backend services such as Node.js and Supabase. Familiar with Git and GitHub for version control and collaborative development. Passionate about creating clean, practical digital experiences.

EDUCATION

University of Lagos, Akoka, Lagos | B.Sc. Geology | October 2019 – August 2026

The Incubator Hub, Redemption City, Ogun State | Web Development Training | April 2025 – November 2025

- Participated in collaborative development sessions focused on recreating responsive websites using Figma and React.js.
- Developed practical projects with JavaScript, React.js, HTML, and CSS, including calculator applications, shopping websites, card interfaces, and React Facecard projects.
- Strengthened JavaScript fundamentals, responsive design, frontend development, teamwork, and collaborative problem-solving skills.

PROJECTS

Bayoride Logistics Website | React.js | Javascript | CSS

- Developed a responsive logistics website using React.js with reusable components and responsive layouts.
- Focused on a simple, accessible interface for logistics services.
- Live Demo: bayo-ride.vercel.app

Signout Website | React.js | Supabase | CSS

- Developed a responsive sign-out management website using React.js.
- Integrated Supabase as the backend for storing and managing application data.
- Live Demo: MySignOutApp

Portfolio Website | React.js | JavaScript | CSS | Vite

- Designed and developed a personal website using React.js.
- Built responsive sections for profile information, skills, projects, and contact details.
- Live Demo: Portfolio.vercel.app
